

# Illinois State Board of Education Second Annual Public/Nonpublic Conference

The Individuals with Disabilities Act (IDEA) is an important educational tool, not least in the relationship between nonpublic school and public school districts.

This Illinois State Board of Education conference is another effort to look at areas where these public and private worlds intersect. For this conference, the focus will be on the impact and operations of IDEA. The State's Ombudsman will also be on hand for an ESSA presentation.

This is a conference for:

- Public school district personnel
- Nonpublic school staff
- Representatives of Regional Offices of Education and Intermediate Service Centers
- Illinois State Board of Education Staff
